Each individual user will receive an automated email both 60 and 30 days prior to their expiration date on the first of the month in which that date falls. If the Local Agency Admin would like to receive these emails as well for their users, they will need to log in as a Local Agency Admin and click on the Expiration Notifications button and turn on the feature manually. This feature will cause the system to send the Local Agency Admin an email on the first of each month of all their users who will be expiring in both 60 and 30 days.
